Home Visit Policy and Procedure

January 2024

Introduction

A home visit is a visit that requires members of staff to enter the home of a parent, carer or guardian in the case of an emergency, safeguarding or attendance visit. The aim of the home visit and procedure policy is to ensure good working practice and to provide guidelines in reducing risks to members of staff undertaking home visits.

ALL HOME VISITS CONDUCTED BY STAFF MUST BE AUTHORISED BY THE SAFEGUARDING LEAD (Mrs Webster-Smith, Headteacher) OR A MEMBER OF THE SAFEGUARDING TEAM PRIOR TO THE VISIT TAKING PLACE.

In addition, wherever possible parents/carers/guardians should be informed of the home visit prior to arrival; there will be exceptions to this, for example a visit to confirm that an absent child is at home when parents/carers/guardians are not responding to telephone calls/text messages or emergency safeguarding visits.

This policy has been written in conjunction with the Safeguarding Policy and Attendance Policy and Pathways, both can be found on our school website.

This policy been written in conjunction with the UN convention on the rights of the child: article 2 non-discrimination, article 3 best interest of the child, article 5 parental guidance and a child's evolving capacities, article 12 respect the views of the child, article 28 right to education and article 29 goals of education.

The aim of a home visit is:

- To establish a partnership/relationship between parents/cares/guardians and staff so that all parties share their knowledge about the child to enable the individual needs of the child to be met.

Reasons for home visits:

- When there are attendance issues/concerns.
- To try and establish that a child is safe if they are absent from school and attempts contact parents/cares/guardians have not elicited a response and we have any welfare or safeguarding concerns for the student.
- To collect from or drop a child off at home where there are concerns for a child's welfare if they travelled by other means.
- To drop off or collect work for a child when they are completing school work if the parents/cares/guardians are unable to do so e.g following a fixed term exclusion or medical issue.
- When students are being educated at home.
- When all other means of contact with a family has failed.

- To meet with parents/carers/guardians to discuss an issue regarding their child where it is in the best interest of the child to have that discussion at home rather than in school or where it would be difficult for a parent/carer/guardian to attend school for a meeting and information needs to be shared in a face to face meeting in a timely manner.
- To visit a child who has been off school for a period of time, for example due to a medical issue, so that they do not feel isolated.
- To investigate situations when there are suspicions that someone may be on holiday contrary to earlier indications (for example when a child is not at school and reported as being ill during the same period for which a request for exceptional leave in term-time had been refused).

Procedure

Before a visit:

- Be familiar with the school's policy and procedure for home visits.
