History	Place current study on time line in relation to other studies Use relevant dates and terms Know key dates, characters and events of time studied	Gain historical perspective by placing their growing knowledge into different contexts: between short- and long-term timescales.	<p><b>LO: To identify some of the main changes in Britain since 1948 and to identify key characteristics of different decades.</b></p> <p>What do you think are the main changes to have happened since 1948? Link to previous work on Windrush. Give children a few minutes to discuss their ideas with a partner, then create a list of ideas on the slides. Encourage children to use higher-level vocabulary, e.g. population structure, increased consumerism, technological advancements, etc.</p> <ul style="list-style-type: none"> <li>• Show children the pictures on the slides. What decade is this from? How do you know? What does it show us about life in this era? How have things changed since this picture? <b>Children record ideas in books.</b></li> <li>• How would you characterise each of these decades: 1950s, 1960s, 1970s, 1980s? Children to come up with a few adjectives for each.</li> </ul> <p><b>Activity:</b> Provide children with a copy of worksheet 1A. Children to cut out each of the key events from 1948 to present and stick them in order on Timeline Sheet A/B. Challenge children to see how many they can get in the right place before checking solutions together as a class.</p>	Slides Question cards Worksheets 1A Worksheets 1B
History	Recognise primary and secondary sources Use a range of sources to find out about an aspect of time past Bring knowledge gathered from several sources together in a fluent account Select and organise information to produce structured work, making appropriate use of dates and terms. Confidently use the library and internet for research	Understand historical concepts such as continuity and change, cause and consequence, similarity, difference and significance, and use them to make connections, draw contrasts, analyse trends, frame historically valid questions	<p><b>LO: To investigate what life was like in Britain in the 1960s.</b></p> <p>How do you think life in Britain changed from the 1950s to the 1960s? Children to think, pair, share ideas then list on the slides.</p> <ul style="list-style-type: none"> <li>• This decade is often called the 'Swinging Sixties'. What do you think this means? Give children a few minutes to discuss their ideas.</li> <li>• Go through the slides explaining that the 60s is particularly remembered for the changes in popular and youth culture.</li> <li>• Life was exciting for the youth of Britain during the 1960s. What do you think life would have been like for ordinary families? Describe changes e.g. in television, supermarkets, race relations, etc.</li> </ul> <p><b>Activity:</b> Divide the class into groups and give each group one of the Category Cards on A3/A2 with a category (Home Life; Work Life; Technology; Population; Popular Culture) and a set of questions to research. Provide children with books, Picture Cards, access to internet, and any other sources that may be appropriate.</p> <ul style="list-style-type: none"> <li>• Children to research the category on their cards using the questions as prompts. Children could record their research on the A3/A2 sheet</li> <li>• When all the groups have completed their research, give one person from each group the opportunity to share their findings with the class.</li> </ul>

History <b>ADDITIONAL LESSON</b>	Write another explanation of a past event in terms of cause and effect using evidence to support and illustrate their explanation	Understand historical concepts such as <b>cause and consequence, similarity, difference and significance</b> , and use them to make connections, draw contrasts, analyse trends, create their own structured accounts.	<p><b>FREE WRITE</b> Write an <b>explanation</b> of one of the following explaining <b>why/how</b> and using evidence to support responses. <b>Would you rather be a child of the 1960s or a child today?</b> or <b>How have events of the 1960s influenced life today?</b></p>	
DT	Draw up a specification for their design e.g. annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces using ICT where appropriate.		<p>1) Power point presentation showing 1960s fashion and furnishings. Focus on the features of design. 2) Try out different ideas for fabric design. Create a 'concept board' on A3 paper showing colours, patterns, stitches. Sketch out design ideas in different parts of the board to try out - write comments and evaluations by the sketches to show what you think of your ideas. <b>Criteria for the design: The cushion cover must reflect 1960s design ideas and use decorative hand stitching. It should be made to fit a standard 12"x12" cushion pad.</b></p>	<p>Power point presentation</p> <p>A3 paper/card</p> <p>Felts/crayons</p> <p>Binca</p> <p>Wool</p> <p>Tapestry needles</p> <p>Stitching cards</p>
DT	With confidence pin sew and stitch materials together to create a product.		<p>On a sample piece of binca, demonstrate different hand stitches. Children to try out at least 3 and practice them. Demonstrate applique using felt fabric to attach to background. Stitches: <u>Running stitch</u> - <u>Back stitch</u> - <u>Cross stitch</u> - <u>Herringbone stitch</u> - <u>Chain stitch</u> - <u>Open Chain stitch</u> Add stitch sampler to the design board.</p>	<p>Large sheets of paper</p> <p>Card for templates</p> <p>Felt fabric</p> <p>Wool</p> <p>Calico</p> <p>Fabric paints</p>

DT	Draw up a specification for their design e.g. annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces using ICT where appropriate.		<p>Using the ideas from the concept board, create the final design for the 1960s cushion cover.</p> <ul style="list-style-type: none"> <li>Decide on colour scheme.</li> <li>Patterns to be used.</li> <li>Where and how hand stitching will be used in the design.</li> <li>Feature of design picked out in applique.</li> </ul> <p>Sketch out final design. Allow for seams Create a pattern for the cushion by drawing the design on full sized paper. Make any templates needed for the design, for hand stitching or applique. Consider a plan for making – what needs to be done first?</p>	Evaluation sheet
DT	Confidently select appropriate tools, materials, components and techniques and use them to make their products. Measure, mark out and shape with accuracy. Use tools safely and accurately. With confidence pin sew and stitch materials together to create a product.		<p>Transfer design to fabric, drawing details with pencil to give a guide for stitching/colouring in fabric paints/applique. Neaten edges by tacking and hemming with a decorative stitch. Attach applique pieces, hand stitch designs onto fabric and colour in areas features in the final design.</p>	
DT	Evaluate their products identifying strengths and areas for development. Record their evaluations using drawings and labels. Evaluate against their original criteria and suggest ways that their product can be improved.		<p>Does the cushion reflect 1960s design ideas? Has hand stitching been incorporated successfully? Is it neat? Does a 12"x12" cushion pad fit into the cover? Ask others for their opinions of your work</p>	
Art	Manipulate & experiment with the elements of art: line, tone, pattern, texture, form, space, colour & shape		<p>Share a collection of Lowry pictures and discuss the similarities. Where are most of the pictures set? What do you notice about his style of drawing? How many colours does he use? Review slides and posters of Lowry's work. Consider drawings first. What do they have in common - simple, strong lines, strong perspective, simple shapes, often feature a road or path which helps you 'travel' through the picture. How does he make things look near or far away? How does his work make you feel?</p> <p>Children to make a 3 by 3 view finder - use the view finder to select certain aspects of Lowry's work. Children to sketch dogs, lampposts, chimney pots etc.</p>	Copies of Lowry pictures Lowry powerpoint Art sketch books
Art	- Select & record from first hand observation, experience & imagination, & explore ideas for different purposes - Question & make thoughtful observations		<p>Introduce vanishing point PowerPoint - this is how we seem to travel through his pictures. <b>Complete 'Teaching Vanishing Point' activity in sketch books.</b> This activity highlights a very easy method of making pictures and text which look three-dimensional. First of all, start with a few shapes. Next, draw a dot anywhere on the page (it doesn't always have to be in the middle). This dot is called</p>	Vanishing point activity sheet <b>Vanishing point PowerPoint</b> Simple shapes

When you have drawn your vanishing point, start drawing STRAIGHT lines from it to the corners of one of the shapes dotted around the page.</p> <p>Challenge: bubble writing - vanishing point</p>	
Art	<p>Work on their own &amp; collaboratively with others , on projects in 2 &amp; 3 dimensions &amp; on different scales</p> <p>Compare ideas, methods &amp; approaches in their own &amp; others' work &amp; say what they think &amp; feel about them</p>		<p><b>Revisit vanishing point powerpoint.</b> Discuss vanishing point. Focus only on line and shape. Show children how to draw horizon line and vanishing point.</p> <p>Use A3 sheet with horizon lines and vanishing points to complete the practice piece. Children to select the street scene according to ability.</p> <p><b>Drawing package to show vanishing points.</b></p>	<p>A3 sheets Half completed sheets <b>Vanishing point powerpoint</b></p>
Art	<p>Create shades &amp; tints using black &amp; white</p> <p>Show an awareness of how paintings are created (composition)</p> <p>Manipulate &amp; experiment with the elements of art: line, tone, pattern, texture, form, space, colour &amp; shape</p>		<p>What is tone? Work in tables to find 3 objects of the same colour but different tones. How do we make different tones of the same colour? Which tones are in the foreground / background of Lowry's pictures.</p> <p>What colours did Lowry use?</p> <p><b>Task:</b> Using only the 5 colours used by Lowry, colour mix different tones to match Lowry's work.</p> <p><b>Peer Review - What went well? Where do you start? Children to share their numbered steps. Encourage:</p> <ol style="list-style-type: none"> <li>1. Rough sketch in book first</li> <li>2. Horizon line</li> <li>3. Vanishing point</li> <li>4. Lightly sketch houses, roads, building etc.</li> <li>5. Compare building lines add windows and doors</li> <li>6. Paint sky</li> <li>7. Paint buildings, roads</li> <li>8. Paint windows doors</li> <li>9. Complete all other detail</li> <li>10. Draw outline of people</li> <li>11. Colour people</li> </ol> <p><b><u>Demonstrate each stage as the children progress.</u></b></p> <p><b><u>Children should practise stages in their art sketch book as required.</u></b></p> <p>Children to create a composition using their own pictures of their area / street / school/elements of Lowry paintings. Focus on composition element: Lowry's work often features a road or path which draws the eye. Remember Lowry's limited colour palate and mood/feelings this creates.</p> <p>Differentiation by outcome.</p>	<p>Paints Chalks Copies of Lowry pictures Large sugar paper Large pens</p>
