Viking Longships

The Vikings built longships for war and raiding. The ships were also used for travelling quickly through the water. This was important for surprise attacks and speedy getaways!

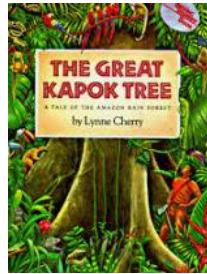

+ various biographies

Galapagos Tortoise
The Galapagos tortoise is a large tortoise that lives on the Galapagos Islands. It is the largest tortoise in the world. It can live for over 100 years. It is a herbivore and eats only plants. It is a slow mover and can only walk a few miles a day. It is a very important part of the Galapagos ecosystem.
